Cindy Bridges

Christmas time is here! As we enter into this season and reflect on the reason, let us take a new look at a story we know so well. Was the night of Jesus' birth really a silent night? First of all, Jesus was born in a stable with animals nearby. Second, according to Luke, a multitude of angels were singing God's praises to the shepherds. Third, there were the shepherds who came to see if what the angels had proclaimed to them was true. When they saw the baby in the manger, they shared with Mary and Joseph what they had been told about baby Jesus being the Savior. After the shepherds left the stable, they began singing praises to God for what they had seen and heard. So, after taking another look at that night so long ago, we see that it was a night a celebration and praising God for sending His son, our Savior Jesus Christ.

As you celebrate this time of the year, take time to come out to the youth Christmas Dinner Theater as they share even further about the night of Jesus' birth and how it was not a silent night! Tickets are still available and you would be supporting the youth while celebrating with us the birth of our Lord!
